

Town of Manlius

Edmond J. Theobald, Supervisor

June 7, 2021

Dear Resident/ Property Owner,

We contacted you last fall to make you aware that the Town is considering a new Town of Manlius Salt Springs Road Water District along Salt Springs from Eagle Village Road North to the Town of Sullivan. Research has been completed and a formal Map Plan and Report are now available. Documents and maps related to this project are accessible from the Town website at <https://saltspringswaterproject.com/>.

According to Town Law Article 12 the new Water District may be formed by a Petition. The Petition must describe the boundaries of the proposed District as well as the maximum amount proposed to be expended. The Petition must be signed by the owners of taxable real property located within the proposed District that own, in the aggregate, at least one-half of the assessed valuation and by resident owners owning taxable real property aggregating at least one-half of the assessed valuation of taxable property owned by resident owners in the proposed District.

Should you be interested in forming the Manlius Salt Springs Road Water District, the Petition is now available for your signature. Please stop at Town Hall, 301 Brooklea Drive in Fayetteville before June 25th. Please contact Kay Blythe at 315-637-3414, who can arrange for a volunteer to bring a Petition to you or otherwise direct you to where a Petition is available for signature. If you are not interested or against formation of the Water District no action is required.

The District can only be formed if the majority of potential district property owners (as defined above) sign the petition.

Sincerely,

Edmond J. Theobald, Supervisor
Town of Manlius
